

# FRIZZANTE

## SOPIÉ

### Blue

**Type of grape:** Chardonnay

**Winemaking:** The fermentation process is cut off when the alcohol content reaches 5.5% in order to achieve a low-alcohol wine.

**Tasting:** On the palate, it leaves a sensation of pleasant sweetness, lightness and freshness. The bouquet is very aromatic, with hints of green apple, pear, citrus (lemon, grapefruit) and tropical fruits (mango, pineapple and banana), and traces of floral scents of acacia. Low acidity.

It has a natural blue colour that does not affect the organoleptic properties of the product, which thus denotes a novel, attractive, youthful and casual flair.

Ideal to accompany light meals, snacks and desserts.
